

HOMESTEAD MILL MEMO

To: Homestead Residents
From: Barkan Management
RE: Important Maintenance & Repair Rules

Beginning the week of July 21st, Homestead will undergo a few improvements including repairs to the courtyard and the stucco at Building 15.

Below, please find a few items of interest regarding what is taking place and proper procedure to follow during this time:

- **During construction, the courtyard will be blocked off with markers.**
- **Moving in, moving out, and deliveries (such as furniture) cannot take place between the dates of Monday, July 28th and Thursday, July 31st.**
- **Due to stucco repair, the courtyard will be off limits to vehicles from July 23rd through July 26th.**
- **All residents must use alternative entrances for Buildings 15, 19, & 21. These will be clearly marked. PLEASE stay as close as possible to your buildings while the work is being done and be careful as you enter and exit your respective residences.**

We thank you for your cooperation during these series of repairs we are undergoing for the proper upkeep of the property. Barkan Management apologizes for any inconvenience this may cause you.

If you have any questions, please contact the Management company.
